TRIDONIC

Shading Set

Compact control module with ambient light sensor and motion sensor

AISLE

HALF

ENTRY

Product description

- Three different covers for the DALI MSensor G3 SFI 30 PIR 16DPI WH, basicDIM ILD G2 and basicDIM ILD give the ability to reduce the detection area in aisle applications
- These covers can be attached or removed from/to the front of the sensor at any time without the need of opening the luminaire
- To have a maximum of flexibility these covers can be attached in every direction of 0°, 90°, 180° and 270°
